PTI Application Preparation Summary

PTI-APP-DF0FC295 · Revision 1

Draft
Generated Oct 28, 2026 10:24 PM PHT · NUERS 1.0.0

> Application preparation record — not an official BIR application form, filing receipt or permit. This document does not grant permission to issue electronic invoices. File with the RDO / LT Office where the taxpayer is registered. NUERS prepares and tracks the application; direct electronic submission to BIR is not connected.

01 · Registered taxpayer snapshot

Business Name DEMO · Harbor Foods Corporation	**Tin** 123456789
Address Not recorded	**Rdo Code** Not recorded
Owner Name Not recorded	**Email** Not recorded
Phone Not recorded	

02 · Proposed invoicing system & coverage

Application Type new	**Previous Reference** Not supplied
System Name NUERS	**System Version** 1.0.0

Representative Synthetic QA Owner	**Contact Email** pti-qa@example.test
Contact Phone +639000000000	**Office** RDO 027 — synthetic test

Branches
00000

Scope: Synthetic main office invoicing. Isolated QA record; no BIR filing.

Application notes: LAB ONLY. Not a real taxpayer application.

03 · Preparation checklist & attachment register

The document list below is a NUERS preparation checklist, not a BIR-prescribed application form or exhaustive official requirement list. Confirm the current forms, supporting documents and filing channel with your RDO / LT Office.

NUERS preparation item	Uploaded
Registration / BIR COR	Missing
Representative authority / owner declaration	Missing
System description / manual	Missing
Sample electronic invoice	Missing

Files are separate attachments in the ZIP packet. Original filename and checksum identify each retained version. An upload is not a BIR verification.

Category	File / integrity reference
No supporting files uploaded.	

04 · Filing & outcome evidence

No BIR receiving evidence has been recorded. Submit through the registered RDO / LT Office's prescribed channel and retain its receiving acknowledgement.

05 · Next steps

1. Confirm the current official forms, documents and filing channel with the registered RDO / LT Office.
2. Review the proposed system, version and covered branches. Attach any additional documents requested by BIR.
3. File the official application and record the receiving acknowledgement in NUERS.
4. After BIR issues the PTI, retain the permit and record its exact reference, dates, system and branch scope.
5. Complete the separate EIS certification and applicable PTT requirements through BIR.
